

## Microsoft Office 365

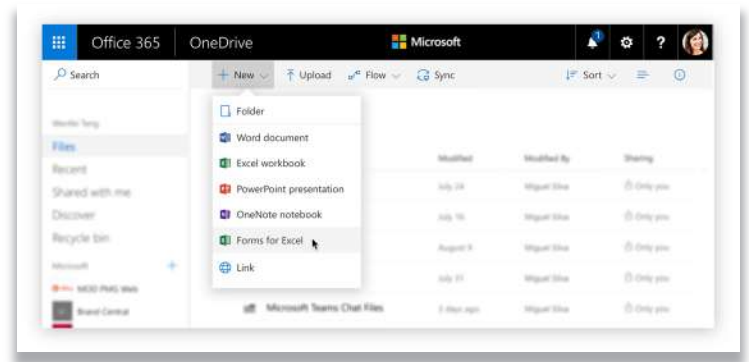

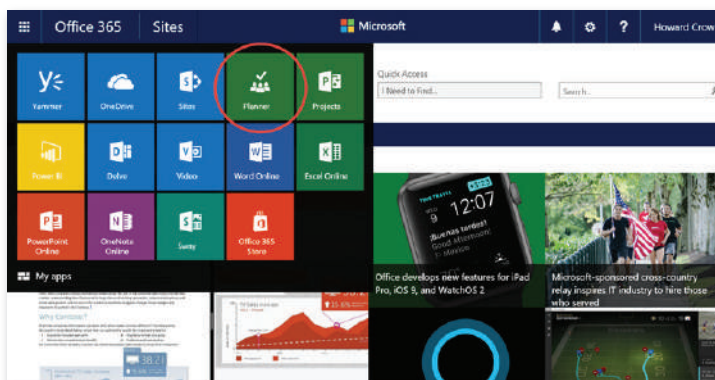

Office 365 is a cloud-based service that brings together the best-in-class apps (Outlook, Excel, Word, Power Point, Skype for Business, Share Point, OneDrive, etc.) for the way people work today.

Microsoft gathers the worlds of business processes and personal productivity together, connecting your people, processes, and systems like never before.

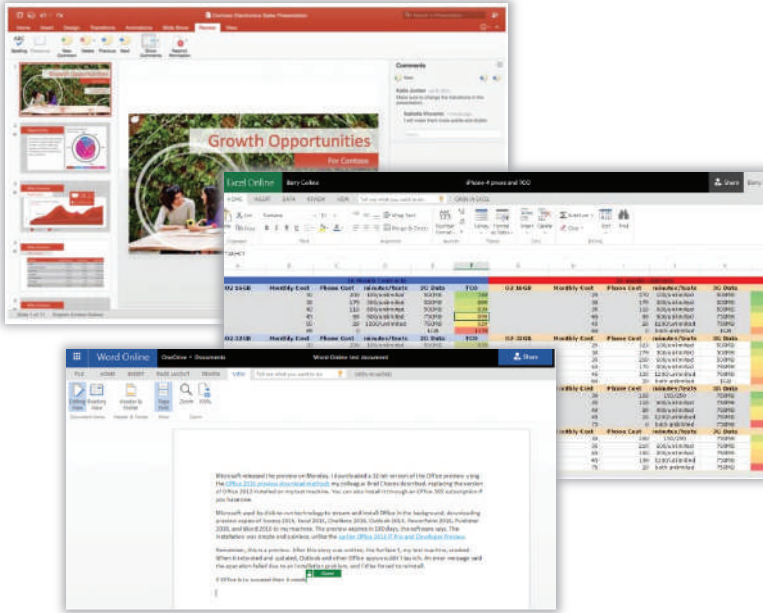

## Office 365 Key Benefits

- ▶ Drive productivity by reducing time spent switching between stand-alone apps.
- ▶ Foster collaboration and communication by breaking down internal silos and broadening visibility across the organization.
- ▶ Simple and highly secure collaboration with colleagues and business partners
- ▶ Accelerate user adoption and lower training time with a seamless user experience.
- ▶ Get access to any contact, document or file anywhere in any device.
- ▶ Pay-as-you-go pricing options provide predictability and flexibility for all parts of your organization

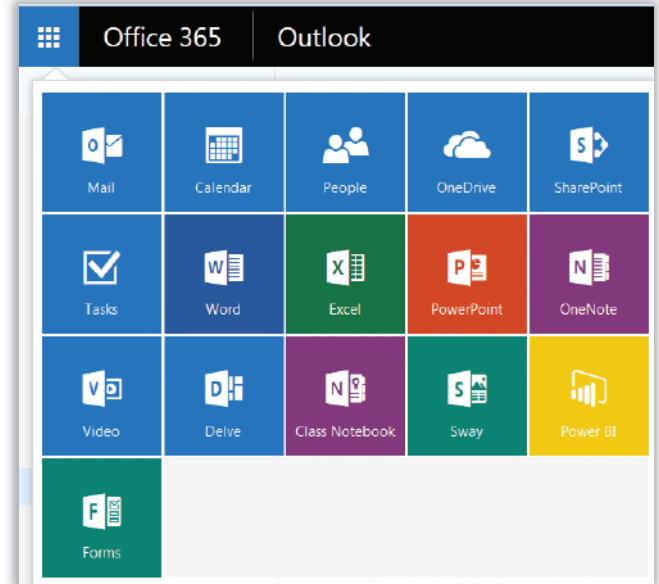

## The right fit for your organization

Office 365 has a pricing plan that will fit your budget and need. You can scale at any time by adding additional users and functionality.

## Give power to your business

Reinvent the way you run your business with Office 365 by empowering your team with tools and knowledge to help them soar.

## Key Features

**Empower Employees**
